GEO-BOARD AREA

PART I

- Area is the amount of space covered.
- Area is measured in square units. A square unit is a square with one unit on each side of it.
- Count the number of square units and record the area inside each figure.

<p>Example:</p> <p>Total Area = _____</p> <p>1</p>	<p>Total Area = _____</p> <p>2</p>	<p>Total Area = _____</p> <p>3</p>
<p>4 Total Area = _____</p>	<p>5 Total Area = _____</p>	<p>6 Total Area = _____</p>
