I like math, Let's do some more!

4	four	
x 3	three	↗
12		↗
	one...two	

3 x 4 = 12 3 x 4 = 12 3 x 4 = 12 3 x 4 = 12 3 x 4 = 12 3 x 4 = 12

Remember: When it's 3 x 4, the kids begin to cheer. The beginning of the cheer, one-two (12), is the answer to 3 x 4.
